

Hello friends,

December 19 2022

It's been a while since you've heard from us, but in this case no news is good news!

Entering our 8th(!) year, everything is better than ever at the station. Every day we serve thousands all over the globe with the best taste in music. Music that was created and first played in one of the most exciting era's in popmusic as well as in radio: *'The Golden Era of Offshore AM Radio'*.

Now we hope to extend the title *'Europe's No.1 Oldies Station'* in 2023 and beyond, and we have some great stuff lined up for the immediate future. Stay tuned...

We sincerely hope you are doing well too, and that you enjoy our music and still get surprised by what you hear on the radio at least a few times a day! :)

And above all we wish you and yours a wonderful Christmas and a happy New Year. We're grateful and proud to still have you as a member of our global Mi Amigo International family of music- and radio lovers.

On behalf of all of at the station: our best wishes for 2023 and a Merry Christmas!

Lion Keezer  
Stationmanager
